

## Meetings/events feedback form

**Date of meeting:** 07/02/2011

**Title of meeting:** GP Update

**Audience:** Ashley and local Gp and surgery Manger representation

**LINK representative(s) attending:** David Loades

**LINK representative completing feedback form:** David Loades

**Rationale** (*Why are we attending the meeting event*). Note – if you are delivering a message/presenting re: what the LINK is about this needs to complement the standard presentation. If not provide details of message given.

*A Short meeting that I have attended before but this meeting I agreed I would report some of the informal concerns they had*

**What were the main issues to come out of the meeting/event from the LINK perspective?** (*List between 1 and 6 bullet points would be helpful*).

*Surgery Manger Feedback from recent meeting  
GP concerns over lack of information  
Loss of services being noticed already*

**Action Points/How can the LINK help?** (*Bullet points re: what, if any, requests for LINK help were received and from who plus who needs to follow up?*)

*I was informed by the group that there were two areas now piloting the GP control that being in Stafford and Cannock they had no further information for me at this meeting.*

*A discussion over the confusion by many GP's concerning the current plan with many GP's being under the impression that they would hold the budget individually and the fact that the Budget would be controlled by the GP practice. This was a long conversation that came to prove only the confusion amongst the GP's*

*There was recently allot of feed back at a surgery practice management meeting over the lack of district nursing across the North of Stafford and that certain services such as Domiciliary care and dental care for pregnant women was not being supported with long delays being given as an excuse.*

*This group are interested in looking at the future of Patient engagement and will arrange for me if that is acceptable to the LINK to present our service to the next group meeting*
